

YOUR EXPERIENCE IN PARIS

DE VINCI
HIGHER
EDUCATION

“If you are lucky enough to have lived in Paris as a young man, then wherever you go for the rest of your life, it stays with you, for Paris is a moveable feast.” Ernest Hemingway.

Heart of France's cultural heritage, Paris has been the stage of many a novel and movie, and it continues to capture the imagination of millions of tourist that come every year to enjoy the wonders the city of light can offer. More than a city, Paris is a lifestyle: from sipping a coffee at Parisian terrace to strolling along the Seine, even mundane things are part of the charm of Parisian life. Rich and diverse, you will find here everything you wish for: from luxury boutiques at the Champs Elysée to alternative and popular markets at Menilmontant. What more can we say? Come and and try it for yourself!

De Vinci Higher Education is an enriching environment where students benefit from excellent academic programs, an emphasis placed on internationalization, and close ties to the business world. The group comprises three schools - EMLV (Business School), ESILV (Engineering School), and IIM (School of Web Design and Multimedia) - that award high-quality, accredited degrees, and which together are home to more than 8000 students working to achieve success in their studies, personal and professional lives. Continually striving for academic excellence, we greatly value our international students and their contribution to the educational, cultural, and social environment of the campus. Living in France will allow you to connect to French students and discover a new language and culture while making great memories to last a lifetime! So, are you ready to become a Léonard de Vinci student?
