Accounting systems

Training Activities Indicator: D = D$_{hard}$ + D$_{soft}$

$$D_{hard} = \sum_{i^{th}\ course} H_{h_i} \cdot E_i$$

H_{h_i} = total n° of classes hours
- PhD course: H_h
- M. Sc. course: $\frac{H_h}{2}$
- B. Sc. course: $\frac{H_h}{3}$
  - ➤ NB: course not offered by PoliTo:
    (courses, Summer Schools, workshops …)

  $H_{h_{out}}$: max 30 h $_{for\ each\ i^{th}course}$

$E_i =$
- $\frac{4}{3}$ if grade: PASS
- $\frac{5}{3}$ if grade: PASS WITH MERIT
- **1** if: course not offered by PoliTo, w/o exam, just certificate of attendance

  Min requirement:

  $$\sum_{i^{th}\ course} H_{h_i} \geq 100$$

$$D_{soft} = \sum_{i^{th}\ course} H_{s_i} \cdot E_i$$

H_{s_i} = total n° of classes hours
- course not offered by PoliTo w/o exam: $\frac{H_{s_{out}}}{2}$
- ➤ $H_{s_{out}}$: max 30 h $_{for\ each\ i^{th}course}$
  - other cases: H_s

$E_i =$
- $\frac{4}{3}$ if grade: PASS
- $\frac{5}{3}$ if grade: PASS WITH MERIT
- **1** if: course not offered by PoliTo, w/o exam, just certificate of attendance

  Min requirement:

  $$\sum_{i^{th}\ course} H_{s_i} \geq 40$$

Accounting systems

Research Activity Indicator: R

$$R = \underline{50\,N} + \alpha \sum_{pubblications} P_i \cdot f_i$$

N: *number of published articles on journals*

- For <u>bibliometric sectors:</u>
  Journals in international databases "Scopus" and "Web of Science";
- For <u>non-bibliometric sectors:</u>
  Journals with ISSN and publications on books with ISBN (or ISMN)

TBN: Conference Papers and Proceedings do NOT contributes to the determination of N. If more than one PhD candidate is classified as co-author, N is calculated proportionally to their number.

$\alpha \geq 10$: *coefficient determined by each doctoral course board*

P_i: *article's weight or relevance depending on the Impact Factor of the publishing journal*

— according to the University system for bibliometric evaluation —

f_i: *degree of ownership of the publication*

— according to the University system for bibliometric evaluation —

Minimum Requirements:

$$N \geq 1 \qquad AND \qquad R \geq 50$$

Accounting systems

External Research Activity Indicator: R_e

$$R_e = \frac{d}{5}$$

d : *number of days spent abroad*

Minimum Requirements:
no minimum requirements

TBN:

Max amount of time spent abroad: **18 month**
