

**Politecnico
di Torino**

PORTFOLIO REQUIRED FOR:

- **ARCHITECTURE CONSTRUCTION CITY**
- **ARCHITECTURE FOR THE SUSTAINABILITY DESIGN**
- **ARCHITECTURE HERITAGE PRESERVATION AND ENHANCEMENT**
- **ARCHITETTURA DEL PAESAGGIO**

Applicants must meet the Politecnico di Torino general admission requirements for international applicants, and are selected on the basis of a digital portfolio.

A Portfolio is required for all MSc Degrees in Architecture.

The digital portfolio should include samples of works from your previous educational program. Working experiences may be added to the portfolio. A portfolio should reflect the scope and variety of your previous training and experience with specific emphasis on your knowledge of and skills in the Master degree which you are applying for.

You should submit a work that represents your personal interests as well as your design and technological abilities. Neatness and clarity of the presentation are extremely important as they reflect both your attitude towards your work as well as your ability to communicate your work in a comprehensive and deliberate manner.

What to include in your portfolio:

The portfolio cover should include your **full name and contact** information.

Number and nature of projects:

- Include a total maximum of 5 projects.
- Include no more than 2 professional projects.
- Include at least one individual project.
- Include your final project (if you have not yet completed it, include your most recent project).

At least one of the projects included should clearly demonstrate your capabilities with respects to structural and technical project viability.

Project Documentation:

Per project include:

- concept sketches, showing preliminary visual (and verbal when relevant) development of ideas, approaches and methods describing how you organize your ideas.
- finished drawings of original design work, documenting in a clear and precise manner both the intention and the resolution of each project.
- a written explanation (in English) of the design concept and solution. Here you should include the inspiration behind the project as well as the goals and objectives of the design.

Please note that for all drawings **you are required to include the name of the author.**

Per project define:

- name and location of the project
- if it is academic or professional
- if it is individual or group work
- the level of the project (year/semester of your study in which the project was carried out)
- date when the project was carried out

Please be aware that **quality is more important than quantity.**

Note that portfolios are evaluated digitally and should be easily readable without zooming or scrolling. Therefore, the size of your portfolio should not exceed **20 MB.**
