Notification of any injury of the trainee should be submitted via e-mail to PEPS.Gestioneptab@polito.it forwarding medical documentation showing the prognosis and the injury. Following receipt of the communication, the Polytechnic of Turin will forward a document to be filled out by the injured person evincing the dynamics of the event. The report must be made within the stipulated period of 48 hours from the Politecnico di Torino's receipt of the above-mentioned form.

10. RESPONSABILITIES

The party unable or hindered in its capacity to fulfil its duties is exempt from compensation for damages against the other party, if such failure or delay to fulfil its duties derives from the impossibility of performing activities due to force majeure for example, but not only limited to, outbreaks of epidemic diseases, strikes, boycott, lockouts, fire, war (declared or not), civil war, riots and revolutions, requisitions, embargo, power outages, delays in the delivery of components or raw materials.

11. GENERAL ASPECTS OF SAFETY AND PREVENTION FOR INTERNS IN INTERNSHIP ABROAD

- The intern commits, before departure, to take notice of the general training course on prevention and protection at the workplace available on their own student page.
- The intern also commits, before departure, to take notice of the general risks associated with the "country of destination" according to the indications available on institutional channels, such as www.viaggiare Sicuri.it
- The intern shall comply with all the prevention measures provided by Politecnico di Torino as well as comply with all the specific prevention measures, adopted by the host institution/company that will be made available on site.

12. HOST COMPANY/INSTITUTION OBLIGATIONS

1. It shall provide and adopt all preventive and safety measures to protect the health and safety of the interns, assuming any risk assessment burden, even if only potential, to which interns could be exposed to during their stay at companies/institutions.
2. It shall provide and ensure interns with the training and information about the specific risks associated with the activities to be carried out at your premises as well as the places they will have access to.
