LIST OF REPLACEMENTS

Following to the failure of shortlisted candidates to complete the enrolment by the deadlines set in the Call for applications to National PhD programmes with administrative seat at Politecnico di Torino, the following eligible candidates are admitted to the PhD Programme in “**Artificial Intelligence - Industry**”, according to the position in the ranking list published on 25th September 2023.

User	Allocated scholarship
F448659	PNRR - AI-Driven Approaches for Biofabrication in Neuroscience: Advancing Biological Data Analysis and Industrial Applications
F440375	MUR DM 118 - Artificial Intelligence for the Prevention and Reduction of Environmental and Climate Risks and Greenwashing
F538018	UNIAQ - Development of integrated methods across Control Theory and Artificial Intelligence for optimal control and predictive maintenance in industrial automation

The replacing candidates shall proceed with the on-line enrolment through the Apply procedure from 21st to 27th November 2023 and should complete the second phase of enrolment in-person at the PhD Unit office from 27th to 30th November 2023.

In the event that the Ph.D. candidate cannot be in Turin by the deadlines to complete the second phase of the enrolment process in person, he/she must promptly inform the PhD Unit and provide a duly justified request to complete the second phase of the enrolment process remotely; in any case, the remote enrolment should be completed by 30th November 2023.

Ph.D. candidates who have completed the second phase of the enrolment process through the Virtual Desk are enrolled “with condition” and must present themselves for the delivery of their documents at the offices of the PhD Unit by 31st January 2024. Failure to arrive in Turin and present the documents by the deadlines will be considered as renunciation of the Ph.D. position.

We inform replacing candidates that the starting date of their PhD will be on 1st December 2023.
