

XIV MBLandArch International Winterschool

# REGENERATING EUROPEAN RIVERS' TERRITORIES

Redefining the green & blue infrastructure of Barcelona and Turin

## BARCELONA – TURIN

28 Jan - 8 Feb 2024

The Winter School is two weeks of workshops, lectures, and visits in Barcelona and Turin.

Students will have the opportunity to analyse and design two specific sites, proposing strategies for urban regeneration under the guidance of tutors and international experts.

A final presentation of the proposals will be held, featuring international discussants and final lectures.

The discussion will focus on replicable architectural and urban design strategies and best practices, combining architectural design proposals and NBSs for urban adaptive environment.
