4. The minimum score that you need to have to get the merit-based reduction is:
 - a. at least 1210 points if you are a first-year student in a.y. 2023/2024, or
 - b. at least 1455 points if you are a continuing student (enrolled in year two or beyond).
 5. You are entitled to obtain the merit-based reduction if you are enrolled at Politecnico as a full-time student for a.y. 2024/2025.
 6. You can get the merit-based tuition fee reduction:
 - a. for no more than three times if you are enrolled in a Bachelor's degree programme (the third reduction is possible only if you have already enrolled in a Master's degree programme)
 - b. just once if you are enrolled in a Master's degree programme.

Merit obtained in	Fee reduction in
First year Bachelor's	second year Bachelor's
Second year Bachelor's	third year Bachelor's
Third year Bachelor's	first year Master's
First year Master's	second year Master's

7. This process (calculation of your merit score and refund on your virtual account or scholarship payment) is automatic.
8. Special cases.
 - a. If in a.y. 2024/2025 you withdraw from studies or transfer out to another university before the deadline for paying your second instalment, the merit-based reduction cannot be higher than the comprehensive fee you actually paid for the first instalment.
 - b. If you make a double enrolment for a.y. 2024/25 (i.e., you first enrol in a Bachelor's degree programme and then you enrol in a Master's degree programme, article 6):
 - i. you will obtain the merit-based reduction after enrolment in your Master's degree programme.
 - ii. the merit-based reduction will be revoked if you withdraw from studies before 30th June 2025.

- c. If in a.y. 2024/2025 you enrol in two-degree programmes at Politecnico (article 4), you can obtain the merit-based reduction for only one programme.
9. You cannot get the merit-based tuition fee reduction if:
- a. you have a part-time enrolment workload;
 - b. you have a university degree and enrol in a degree programme of the same level (for example if you have a Bachelor's degree and you want to enrol in a Bachelor's degree programme at Politecnico);
 - c. you are enrolled in a programme with specific economic regulations;
 - d. you get a scholarship and/or a grant awarded by Politecnico that has been declared non-cumulative with other financial benefits awarded by Politecnico for the same academic year.

Article 38 – Outgoing students: calculation of academic merit for the attribution of the benefits referred to in article 34 and 37

1. If you are an outgoing student participating in a mobility programme abroad or in a specific international educational path, some of the exams that you took abroad may not be recorded by 10/08/2024. In this case Politecnico calculates your merit score for the attribution of the benefits referred to in article 34 (no-tax area) and in article 37 (merit-based reduction) in accordance with the criteria mentioned below:
 - a. if your mobility programme ends before 10/08/2024, your merit score is calculated on all validated exams.
 - b. if your mobility programme ends after 10/08/2024, your merit score is calculated proportionally to the credits you earned during your mobility programme.
 - i. $(\text{total number of validated credits}) / (\text{total number of mobility days})$
 - ii. $(\text{product of point i}) \times (\text{number of days from the first mobility day up to 10/08/2024})$
2. For the attribution of the benefits referred to in article 37, the credits calculated with the method described under paragraph 1.b are given a grade corresponding to the average grade of all the exams taken during the mobility programme and recognized by Politecnico.

Article 39 – Tuition fee reduction for Percorso Intraprendenti

1. If you are student of Percorso Intraprendenti and you are in your second or third year, you can get a reduction of the comprehensive fee amount (except for the extra-Poli fees, article 1) or a scholarship. Please note that this is subject to the availability of specific project funds.
2. For more information, please read the call for application available at: <https://www.polito.it/en/education/active-learning/honors-programs/percorso-intraprendenti>.

PART III – TUITION FEE PAYMENT, REIMBURSEMENTS, DEBT COLLECTION

SECTION I – Tuition fee payment

Article 40 – Student virtual account

1. When you enrol at Politecnico, you establish a system of economic relations similar to a bank account with Politecnico. This economic relation system is called “student virtual account”. This means that when you pay something to Politecnico (i.e., when you pay the second instalment of your tuition fees, when you pay for a replacement smart card ...), you owe money to Politecnico; on the other hand, under other circumstances you can become a creditor of Politecnico (i.e., if you obtain tuition fee reduction for academic merit).

2. You can check your virtual account by logging in to your personal page of the Teaching Portal > Online services TAB > Tuition fees and payments PORTLET > Pay your tuition fees.
3. For more information on how it works visit: <https://www.polito.it/en/education/services-and-life-at-politecnico/right-to-education-and-tuition-fees/tuition-fees> .

Article 41 – Tuition fee payment options

1. All payments must be made through the PagoPA platform available at Online Services TAB > Tuition fees and payments PORTLET > Pay your Tuition fees.
2. You can choose one of the following payment methods:
 - a. Quick payment: credit card, online bank transfer or any other available payment method. Please note: the PagoPA platform (online electronic payment to the Public Administration) may not authorize payments by credit card if the amount is over € 1,000.00. In this case, you will have to make various partial payments. You will have to type the amount of each partial payment in the corresponding field (“importo versamento”).
 - b. Deferred payment: you must generate a MAV (Modulo Avviso Pagamento / electronic deposit slip). You can pay your MAV at any bank counter or through the online banking service of your bank. The payment is automatically recorded within 24-48 hours of the date of payment. Regarding this type of payment, we remind you that:
 - i. For any operation requiring a simultaneous payment (for instance, first enrolment/enrolment for a new academic year, Final Examination registration) you must declare the date of payment: log in to the enrolment/registration procedure again and click the “Register MAV” button;
 - ii. If you pay your MAV after 5.00 p.m., the bank might not record your payment on the same day (you must verify with your bank their recording schedule): in this case Politecnico will charge you a late penalty fee.

Article 42 – Application deadlines for tuition fee payment

1. The tuition fees must be paid in two instalments, except for students approaching the end of their university studies (article 5), who must pay one instalment only upon enrolment. Please check the table below to learn about the deadlines.

Type of enrolment	First instalment deadline	Second instalment deadline
Students enrolling in a degree programme with full-time/part-time workload	Within the deadline to enrol	31/03/2025 (or before the registration deadline for the Final Examination, if this is earlier)
Students from another University or graduates from Politecnico before a.y. 2023/204 enrolling in a Master’s degree programme in the second semester	Within the deadline to enrol	24/04/2025

Article 43 – Failure to pay or late payment of tuition fees – hold on your academic progress

1. If you do not pay your tuition fees by the deadline for the second instalment, or if you pay less than the amount due, a hold will be placed on your academic progress and you will not be able to perform any further operations (exams, withdrawal from studies, certificates, self-declarations, etc.). If you are placed on a hold, all your exam bookings will be cancelled. The hold will be removed upon full payment of your outstanding debts.

2. The fee charged for removing the hold is € 10, if you pay within the first 15 days of the deadline; this fee will not be charged if your second instalment is lower than 20€. If the payment takes place after the 15th day, you will also be charged an additional cost (10% of your debt).
3. The fee charged for removing the hold must be paid by 31/05/2025 (or before the registration deadline for the Final Examination, if this is earlier).
4. You will receive an e-mail into your PoliTo mailbox informing you about the hold and the amount charged for removing the hold.
5. You will have to pay your outstanding debts even if you incur in forfeiture.

Article 44 - Failure to pay or late payment of other debts/charges – hold on your academic progress

1. All outstanding debts in your virtual account (for example: costs for a replacement smart card, fees for removing the hold, etc.) must be settled by 31/05/2025 (or before the registration deadline for the Final Examination, if this is earlier). If you do not pay your outstanding debts, a hold will be placed on your academic progress and you will not be able to perform any further operations (exams, withdrawal from studies, certificates, self-declarations, etc.). If you are placed on a hold, all your exam bookings will be cancelled. The hold will be removed upon full payment of your outstanding debts.
2. You will receive an e-mail into your PoliTo mailbox informing you that you are placed on a hold.
3. You will have to pay your outstanding debts even if you incur in forfeiture.

SECTION II – Reimbursements

Article 45 – How to claim a refund

1. If your virtual account (article 40) has a credit balance, you can claim a refund by clicking on the “Refund Application” button available on your personal page of the Teaching Portal > Online Services TAB – Tuition fees and payments PORTLET – Pay your tuition fees.
2. In any case, at the end of each academic year, Politecnico will refund all students who have graduated during the year and who are not continuing their studies at Politecnico, if their virtual account has a credit balance.
3. You can receive a reimbursement from Politecnico only if you have chosen a payment method by entering this information on your personal page of the Teaching Portal > Online Services TAB > Tuition fees and payments PORTLET > Enter your payment modality to receive money from Politecnico. The options for reimbursement are the following:
 - a. Bank or Bancoposta transfer: you must be the holder or co-holder of a bank account and you must enter its IBAN code to receive the refund. This is the preferable method, as it guarantees you to receive your credit quickly.
 - b. Cash: as soon as cash is available, you will receive an e-mail in your PoliTo mailbox with the instructions for collecting your reimbursement. To collect the money you must go to any UniCredit bank counter with your identity card and your fiscal code. If your credit is € 1,000.00 or greater, money can be refunded by bank transfer only, in accordance with Article 12 of Decree-Law No. 201 of 6th December 2011 and further modifications.
4. If you do not enter your bank details correctly or if you do not withdraw your cash by the deadline, a new refund is not automatic and you need to make a new refund request.

SECTION III – Debt collection

Article 46 – Debt collection actions

1. When you enrol in the new academic year you undertake to pay your tuition fees to Politecnico within the deadlines. For this reason, if you have some outstanding debts (not paid by the deadlines referred to in articles 42, 43 and 44) Politecnico will take all the necessary actions to collect the debt. Please note that Politecnico will collect the debt even if you are not actually using any educational, scientific and administrative service, if you have a hold on your academic progress or if the payment can be divided into several instalments (article 1).
2. Debt collection will be carried out in the first instance by sending a notice of payment by registered mail to your permanent address, or if available by PEC. The notice will contain the details of the debt and the deadline for its payment. Once the payment deadline specified in the notice has unsuccessfully expired, Politecnico will take appropriate judicial and enforcement actions aimed at collecting the amount due.

SECTION IV – INSPECTIONS, VERIFICATIONS AND SANCTIONS

Article 47 – Self-certificate verifications

1. The ISEE Universitario/Parificato declaration used for your application for tuition fee reduction is a regular self-certificate and requires you to be fully accountable for the truthfulness of your declarations (Presidential Decree No. 445 of 28th December 2000). Within the meaning of article 76 of this decree, if you make false declarations, produce or use untrue data, you are punished in accordance with the penal code and other specific provisions.
2. The self-certificate could be subject to a sample inspection in accordance with the current legislation in force.
3. Once the verification process has begun, it cannot be stopped (even if, for example, you spontaneously renounce your undue benefits).
4. If you are selected for an inspection, you will receive a notice by registered mail, or if available by PEC, and you will also be informed via e-mail into your PoliTo mailbox. By the same means, Politecnico will ask you to provide the necessary information. The result of this verification and any decisions taken in case of irregularities will be communicated by the same means as well.
5. These decisions are open to an internal appeal to the Head of the Department or Unit conducting the verifications (or to any other purposely appointed responsible person).

Article 48 – Sanctions

1. If you make false, incomplete or inconsistent declarations, you will be subject to:
 - a. refund the undue benefits;
 - b. pay an administrative penalty (three times greater than the benefit) in accordance with paragraph 3 of article 10 of Legislative decree no. 68 of 29th March 2012;
 - c. pay an additional penalty in accordance with paragraph 3 of article 38 Legislative Decree converted into Law no. 122 of 30/07/2010. The penalty amount may be included between € 500.00 and € 5,000.00 calculated proportionally to the undue benefit.
2. The Rector will be informed in order to send appropriate reports to the competent authorities for the possible application of further measures and actions provided for by current legislation and by internal University regulations.

PART V – COMMON AND FINAL PROVISIONS

Article 49 – Processing of personal data

1. In accordance with the General Data Protection Regulation (EU Regulation 2016/679) and the Code regarding the protection of personal data (Legislative Decree No. 196 of 30th June 2003 and further amendments, Politecnico di Torino will process your personal data in pursuit of its institutional aims and in accordance with the transparency purposes imposed by the law. The processing of personal data is based on the principles of correctness, lawfulness and relevance of purposes.
2. You can find more information on the processing of your personal data and your rights at: <https://didattica.polito.it/privacy/>. The data controller is Politecnico di Torino, represented by the Rector, with statutory seat in Corso Duca degli Abruzzi, 24 - 10129 Torino. 3. You can contact the data protection officer of Politecnico di Torino for any inquiries on the processing of your personal data and your rights at: dpo@polito.it.

Article 50 – Information and participation in administrative proceedings

1. Communication between Politecnico and students takes place primarily through the PoliTo mailbox assigned to each student upon enrolment.
2. To contact the offices of Politecnico you need to use the Ticketing Support System available on your personal page of the Teaching Portal (Portale della Didattica).

Article 51 – Final Provisions

1. In accordance with the Student Regulations (article 21, paragraph 1), instances concerning your tuition fees may be raised to the Rector or to his/her delegate, who in response may avail him/herself of a purposely appointed Commission.
2. In the event of changes in the procedures or terms of this Regulations (exclusively for technical and operational reasons) or changes in the tuition fee amounts due to external events (such as new revenue stamp costs imposed by the law after these Regulations are published), the person in charge is the Executive of the STUDI Department - Student, Education and International Affairs.
