## Application(s)

Once you have completed and saved your profile, you can proceed with your application(s). You may select **up to two universities** (first and second choice), but you must complete one application before starting the second. Each university allows you to apply for a **limited number of courses**.

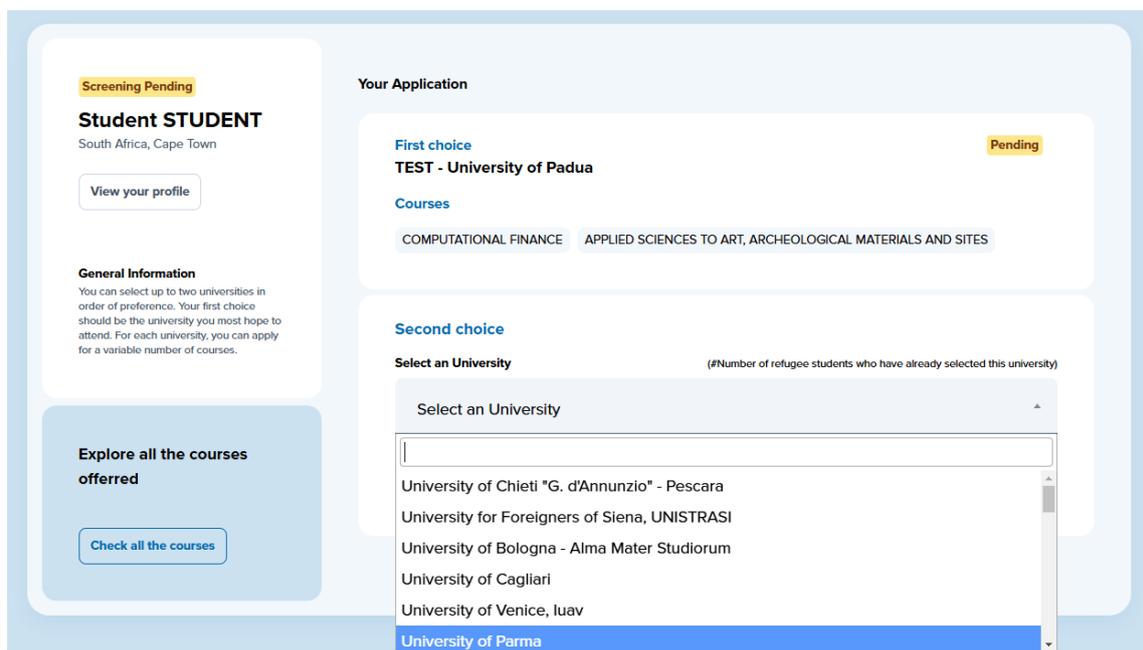

18. To begin, select your **first-choice university** from the dropdown menu.

19. Based on your preferences and availability, **select the course(s) you wish to apply for** at your chosen university. The maximum number of courses varies by university, as determined by their specific call for applications.
20. Once you have entered your preference, you can click on → **Apply**.
21. A **pop-up message** will appear, warning you that once you **submit your application, it cannot be retrieved or edited**. Only proceed if you have carefully reviewed all details and are sure of your university and course selections. Click → **Yes** to confirm.

22. If you wish to apply to a second university, select it along with your desired course(s) and repeat the same steps as for the first.

**You're all set!** Once you have completed the application process, your status will be marked as **pending**. You will receive updates via email and on the platform in your profile/account as the selection process progresses.

The screenshot displays a user interface for a student application. On the left, a white card shows the student's profile: 'Student STUDENT' from 'South Africa, Cape Town' with a 'View your profile' button. Below this is a 'General Information' section explaining the selection process. At the bottom left, a blue box encourages exploring courses with a 'Check all the courses' button. The main area, titled 'Your Application', lists two choices. The first choice is 'TEST - University of Padua' with a 'Pending' status and two courses: 'COMPUTATIONAL FINANCE' and 'APPLIED SCIENCES TO ART, ARCHEOLOGICAL MATERIALS AND SITES'. The second choice is 'TEST - University of Catania' with a 'Pending' status and one course: 'Master in earth science'.
