In this case, they must reserve their student place or enrol in the programme in Architettura-Architecture before the deadline in order to avoid losing their place by the deadlines of art. 13. Subsequently, if they find out that they have been admitted to another programme (Engineering, Design or Planning) and they prefer to enrol in that programme, they will have to choose one of the following options using the online system:
 - withdraw from the Bachelor's degree programme in which they have enrolled ("withdrawal from studies"), following these steps:
 - a. fill out an online form available on their personal page of the Teaching Portal.
 - b. pay 16.00 Euro for the virtual revenue stamp required for the withdrawal (this amount must be paid from the personal page of the Teaching Portal).
 - c. enrol in the new Bachelor's degree programme after they receive the withdrawal confirmation (an e-mail confirming the withdrawal will be sent to their Polito mailbox). To enrol in the new programme, students must go to their personal page of the Teaching Portal and log in to the Apply@polito platform using the Student Number they received when they enrolled in the first programme.
 - enrol in the programme and declare on the Apply@polito platform that they also want to enrol in another programme (double enrolment) for which they have taken the admission test at Politecnico (see art.16).

2. Applicants who have taken the TIL-A test and are awaiting the results of the admission tests to other universities must enrol at Politecnico before the deadline in order to avoid losing their place. Subsequently, if these applicants find out that they have been admitted to another university, they will be able to request a withdrawal/transfer or declare that they want to enrol in both university programmes. **In the event of withdrawal or transfer the tuition fees previously paid by these applicants will not be refunded.**

Art.15 (Double enrolment)

1. Applicants who want to make a double enrolment in two degree programmes must refer to the rules contained in Law no. 33 of 12th April 2022 and subsequent ministerial decrees (decree no. 930 of 29th July 2022 and no. 933 of 2nd August 2022) to verify if the two programmes are compatible for double enrolment.
2. Double enrolment in the Bachelor's degree programme in Architettura-Architecture and in one of the programmes listed below is permitted as long as 2/3 of the educational activities are different:

Failure to comply with these terms entails permanent exclusion from the admission process. After confirming the intention to enrol in the programme, the previous academic records of the applicant will be sent to the Academic Advisor of the programme who will decide on the possible recognition of previously earned credits.
5. As per the "*Procedures for entry, stay and enrolment in higher education programmes of students requiring visa - ay. 2025/2026*", published at <https://www.universitaly.it/studenti-stranieri>, international students requiring visa are not allowed to enrol in two Bachelor's degree programmes in Year 1 (double enrolment) since the Universitaly portal only allows students to select one programme at one Italian university.
