QUESTION

On the Apply@polito platform, in order to register for the TIL-A Admission Test and complete the platform registration, it asks to upload the Secondary School Diploma + Official Translation in Italian or English in the "Attachments" section. However, I have not received my diploma yet, and without it, I cannot complete the registration.

I am not sure exactly when I will receive the diploma (hopefully before July 11), but since the deadline for registration is July 16 and I will also need time to get an official translation into English, I'm worried I might not make it in time.

ANSWER: You can register to the test even though you still have not graduated, you just have to upload at the moment your most recent school marksheet, as you can read here: <https://www.polito.it/en/education/applying-studying-graduating/admissions-and-enrolment/bachelor-s-degree-programmes/students-with-a-non-italian-qualification>
