SECTION 1 – Introduction

Article 1 – General Provisions

1. This Regulation, adopted in accordance with Article 17 of the Student Regulations, sets out the rules regarding:
 - a. the amount of Student fees (hereafter referred to as "fees");
 - b. the criteria for obtaining exemptions, reductions, and other benefits;
 - c. payment and refund procedures and deadlines, as well as steps the University may take in case of non-payment;
 - d. the system of checks and penalties applied to self-declared financial data used to request fee reductions.
2. This Regulation applies to Students enrolled in the 2025/2026 a.y. in the following programmes:
 - a) Bachelor's and Master's degree programmes under Ministerial Decrees 509/99 and 270/04, if first enrolled before 2025/2026;
 - b) Master's degree programmes under Ministerial Decree 270/04, if first enrolled before 2025/2026;
 - c) Degree or University Diploma programmes under the system prior to Ministerial Decree 509/99;
 - d) PhD programmes and Specialisation Schools, to the extent compatible with the specific rules for such programmes.

The provisions in this Regulation apply:

- until the 2027/2028 a.y. for the programmes listed under points a) and c);
 - until the 2026/2027 a.y. for those under point b).
3. The annual Student fee is made up of the following components:

Fees managed by the University:

- **Yearly comprehensive fee**, required under Article 1, paragraph 252 of Law No. 232 of 11 December 2016. This is the amount Students must pay to cover the costs of teaching, research, and administrative services. It varies depending on:
 - i. the work load selected at enrolment (full-time or part-time);
 - ii. the contribution level assigned after any approved fee reduction;
 - iii. the number of years of enrolment;
 - iv. the number of credits (CFU) obtained;
 - v. any exemptions granted.
 - Fees not managed by the University:
 - i. Regional fee for Student support (EDISU): €140 (*), collected by the University on behalf of EDISU.
 - ii. Stamp duty on enrolment: €16 (*).
 - iii. Accident insurance premium: €5 ().
- (*) These amounts may change based on decisions made each year by the responsible authorities.*
4. The annual fee is divided into three instalments, with deadlines and payment methods outlined in Articles 20 and 21.
 5. By enrolling in the academic year, Students agree to pay the full amount of the fees by the set deadlines. This applies even if they do not use the University's teaching, research, or administrative

services, do not progress in their studies, or their Student record is temporarily frozen. The only exceptions are Students who withdraw from the University or transfer to another institution (see Articles 28 and 29).

6. These rules are approved each a.y. by the University's governing bodies and can be found online at: <https://www.polito.it/didattica/servizi-e-vita-al-politecnico/diritto-allo-studio-e-contribuzione-Studentesca/contribuzione-Studentesca>
7. Students are responsible for being familiar with and following the rules outlined in this Regulation.
8. Information about the amount of fees due is available in each Student's personal area on the Teaching Portal under: Online Services – Tuition fees and payments – Pay your tuition fees.

SECTION 2 – Tuition Fees

Article 2 – Fees for EU Students Enrolled in a Bachelor's or in a Master's degree programme (under Ministerial Decrees 509/99 and 270/04) or in a Degree/University Diploma programme under the pre-509/99 system

1. The maximum tuition fees for EU Students are listed in the following table:

 - **Third instalment:** 50% of the all-inclusive fee
 Payment procedures and deadlines are outlined in Articles 20 and 21.
4. All fee details are provided in **Annex 4** of this Regulation.

Article 3 – Fees for Non-EU Students Enrolled in Bachelor's or Master's degree programme or in Programmes under the Pre-509/99 System

1. For **non-EU Students not residing in Italy**, tuition fees are calculated using a **flat range system**:
 - a. The **minimum and maximum fees**, based on the Student's country of origin, are listed in **Annex 2** ("Tuition fees under the flat rate system").

- b. Students in this system can request a **fee reduction** by following the same procedure and deadlines as in Articles 17, 18, and 19. However, the final fee **cannot be lower** than the minimum amount set for their country.
- Non-EU Students **residing in Italy** must refer to the fees outlined in **Article 2**. These Students must declare their residence through the **Online Student Services** area on the Teaching Portal:
Online Services – View your data and change your address – Personal details – Current address.
 - Residence must be officially registered with the local Municipality (*Anagrafe* Office) and declared **no later than 31 December 2025**.
Residence will be **verified**. If the verification fails, the Student will be required to pay the **maximum fee** for their country of origin according to the flat range system in point 1.
 - These fee provisions do **not apply** to Students eligible for **fee waivers** under **Article 12**.

Article 4 – Fees for PhD Students

- Under national law, PhD Students—whether or not they receive a scholarship—are only required to pay the **fees not managed by the University** (see Article 1, section 3, point b).
- Additional **exemption rules** are listed in **Article 12**.
- The required payments must be made **when enrolling** in the following academic years, regardless of the actual start date of the PhD programme.
- These non-University fees (as listed in Article 1, section 3, point b) are also due if the PhD Student has been granted an **extension** into the next academic year.
- Additional **charges for administrative actions** carried out **after deadlines** are detailed in **Article 36**.

Students awaiting registration of their last exams must still enrol for 2025/2026 before the deadlines published in the Student Guide.
Once these exams are registered, if they qualify for end-of-career status, they are required to submit a **“Tuition Fees” support ticket** via the Teaching Portal to request an update of their fee status.

 - If excluded from final Edisu rankings due to documentation issues, Students may request a fee reduction via the Politecnico (see Part V).
 - Students who applied for the Edisu scholarship but do not want the Politecnico fee reduction must submit a "Tuition Fees" support ticket by the deadline in Article 19.
3. Students enrolled in two institutions (Article 5), and who apply for an Edisu scholarship outside Piedmont, must still apply for the Politecnico fee reduction (see Section 5).
4. Students eligible for or awarded an Edisu scholarship are exempt from both the yearly comprehensive fee and the regional fee.
Students in later years or PhD/Specialisation Schools can request reimbursement of the regional fee (see Article 23) once the final Edisu rankings are published.
5. Students who were eligible/awarded in the previous academic year must declare their intent for 2025/2026 when enrolling:

For non-EU Students not residing in Italy, first enrolled before 2025/2026, and whose scholarship is revoked for not meeting merit requirements, fees will be recalculated using the flat rate system (Article 3). However, if the Student earns at least 10 CFUs by 10/08/2026, they will be charged based on Article 2.
7. If a Student has outstanding payments with Edisu, the university may block their academic records at Edisu's request.

SECTION 5 – FEE REDUCTION

Article 15 – Fee Reduction – Introduction

1. Fee reductions are available only to Students enrolled in first and second cycle degree programmes who apply according to the procedures and deadlines in Articles 17, 18, and 19. The application must be submitted every academic year.

A list of these offices is available here: <https://www.polito.it/didattica/servizi-e-vita-al-politecnico/diritto-allo-studio-e-contribuzione-Studentesca/contribuzione-Studentesca>
 - c. Current *ISEE*.
4. Fee reductions apply only if the following thresholds are not exceeded at the same time:
 - a. *ISEE Universitario/ISEEU/ISEEUP* \leq €85,500
 - b. *ISPE/ISPEU/ISPEUP* (*Equivalent Patrimonial Situation Indicator*): \leq €210,000
 The *ISPE/ISPEU/ISPEUP* is calculated by dividing the Patrimonial Situation Indicator (*ISP*) by the equivalence scale (*SE, Scala di Equivalenza*). This is not considered for Students eligible for the no-tax area (Article 11).
5. Once submitted, the application is valid for the entire 2025/2026 a.y. and can only be changed if the *ISEE* certificate has errors or missing information. In that case, Students must request an update by submitting a ticket with the subject "Tuition fees" by the deadline in Article 19.
6. Any problems should be reported by opening a ticket with the subject "Tuition fees" via the Student's personal page on the Teaching Portal.

Article 16 – ISEE with Omissions or Discrepancies

 - a. The certificate is accepted provisionally and the Student is assigned a provisional fee level;
 - b. The Student is notified by email to their institutional account and must, within 30 days:
 - i. Submit a corrected *ISEE* without omissions or discrepancies. No penalties will apply if the fee level changes;
 - ii. Submit documents to fix formal errors or prove the certificate's correctness by opening a ticket with the subject "Tuition fees". However, formal corrections don't exclude further checks on the certificate's substance (see Section 7).
2. Students who do not submit the required documents within the deadline will be assigned the highest fee level permanently.

Article 17 – Applying for Reduction at Enrolment

1. Fee reduction can be requested during enrolment as follows:
 - a. Students using University or Current *ISEE* give consent to check INPS database to retrieve *ISEE* data;
 - b. Students using *Parificato ISEE* confirm the economic data from the previous academic year.
2. If consent is not given or data cannot be confirmed, Students can still request reduction later (Article 18).
3. More info on how to apply is available here: <https://www.polito.it/didattica/servizi-e-vita-al-politecnico/diritto-allo-studio-e-contribuzione-Studentesca/contribuzione-Studentesca>
4. A confirmation email will be sent to the institutional account after completing the request.

Article 18 – Applying for Reduction After Enrolment

1. Students who didn't apply at enrolment can apply later by completing the online procedure in their personal page under: Tuition fees and payments – Apply for tuition fee reduction.
 - a. For University or Current ISEE, Students must enter the date of DSU submission if ISEE is not in the INPS database. The request is complete only after receiving an email confirming the final economic level for 2025/2026. If this email is not received within 5 days, the Student must contact the Student Access and Right to Study office.

 - b. **Deferred payment:** by creating a payment notice (MAV), which can be paid at bank counters or via online banking. The payment is automatically recorded within 24-48 hours of payment. Please note:
 - i. For any operation that requires simultaneous payment (e.g., enrolment, final exam registration), you must self-certify the payment date by returning to the enrolment/registration procedure and clicking the "Register MAV" button;
 - ii. MAV payments made after 5 pm may not be processed the same day. Check with your bank for payment processing times. Late payments may be processed after the deadline, and the University will apply penalties accordingly.
3. Any exam bookings already made will be cancelled. The career block will only be lifted after payment of the owed amounts.

If there are unpaid debts by the deadlines in Article 21, the University will take all necessary actions to recover the debt.
5. Debt recovery notices will be sent via the Digital Notifications Service (SEND) of the PagoPA platform.

SECTION 7 – BENEFITS

Article 24 – Financial Merit Benefits

1. Students enrolled in a Bachelor's or in a Master's degree programme who achieve high academic results, based on the score described in point 3, will receive a financial merit benefit of €200.
2. The benefit can be given in one of two ways:
 - a. A reduction of the overall tuition fee (excluding fees not managed by the University) if the total fee is €200 or more.
 - b. A scholarship if the total fee is less than €200 and the Student has chosen a payment method as explained in Article 23.The benefit will be calculated based on the final or provisional fee level. If provisional, adjustments will be made with the second payment after 13/03/2026.
Even if the benefit covers the full first payment, the stamp duty still needs to be paid.
3. The score is calculated on exams passed and recorded in the 12 months before 10/08/2025, as follows:
 - a. For each exam, multiply the credits (CFU) by the grade. For exams without a numeric grade, use the weighted average of graded exams.
 - b. Add all these results together.

The following exams are excluded from the score:

- Exams to make up for missing programme requirements;
 - Exams from previous closed study careers, even if recognised;
 - Exams not needed to complete the degree.
4. The minimum score needed to get the benefit is:
 - 1,210 points for Students who first enrolled in 2024/2025;
 - 1,455 points for Students enrolled before 2024/2025.
 5. The benefit is only given to Students who enrol full-time in 2025/2026.
 6. The benefit can be awarded a maximum of:
 - a. 3 times for Bachelor's Students (the third only if enrolling in a Master's degree programme at Politecnico di Torino);
 - b. 1 time for Master's degree Students.

Year Merit Earned	Year Benefit Applied
1st year Bachelor's	2nd year Bachelor's
2nd year Bachelor's	3rd year Bachelor's
3rd year Bachelor's	1st year Master's
1st year Master's	2nd year Master's

7. The University will automatically apply the benefit; Students do not need to apply.

 - a. If a Student withdraws from studies or transfers to another University in 2025/2026, the benefit cannot be more than the fee they actually paid.
 - b. If a Student enrolls in both a Bachelor's and a Master's course in 2025/2026:

 - a. If the study abroad ends before 10/08/2025, all validated exams are included in the merit score;
 - b. If the study abroad ends after 10/08/2025, academic merit is calculated proportionally based on the actual period of mobility. The number of ECTS credits is calculated as follows:
 - i. The total number of validated ECTS credits is divided by the total number of days of the entire mobility period;
 - ii. The result is then multiplied by the number of days from the start of the mobility period up to 10/08/2025.
11. For the purpose of assigning the benefits referred to in this article, the ECTS credits calculated as described in paragraph 1.b are given a grade equal to the weighted average of the validated exam marks for the entire mobility period (For these Students, the credits counted proportionally are given the weighted average grade of all validated exams).
