Art. 6
(How to register for and take the TIL-P test – applicants with disabilities or with Specific Learning Disorders)

1. In person TIL-P tests are organized in compliance with current legislation on disabilities and specific learning disorders. The procedures to take the TIL-P test for the applicants referred to in this par. are illustrated in the present Call. Applicants can request more information on the special arrangements provided to applicants with disabilities and specific learning disorders to the Special Needs Unit of Politecnico di Torino (https://www.polito.it/en/education/services-and-life-at-politecnico/welcome-inclusion-and-support/inclusive-teaching)by sending a ticket thought the Ticketing Support System.
   In particular, for organizational purposes:
   – applicants with disabilities or with an invalidity certificate (art. 16 of Law no.104/92) must present **a valid certificate issued by the local medical board specifying the type of disability and/or the level of invalidity** at least 15 days before the TIL-P test date.
   – applicants with disabilities or certified specific learning disorders (SpLD), referred to in Law no. 170/2010, must present **a valid certificate issued not later than 3 years ago (if the certificate was released before turning 18 years old) by the Italian Health Care System (SSN) or by a specialist or by a health care facility recognized by the Italian system.** The certificate must be presented at least 15 days before the TIL-P test date.
   – applicants with disabilities or specific learning disorders (SpLD) who reside abroad and intend to request special arrangements for the TIL-P test must present a certificate of disability or SpLD issued in their country. These documents must be official documents stamped by the issuing institution, signed by an official of the institution and written in one of the following languages: Italian, English, French, Spanish. For documents written in other languages, applicants must provide both the original document and its translation into Italian or English in a single file. The university bodies in charge of examining the above-mentioned certificates will verify if the foreign documents provide evidence of a disability or a SpLD accepted by Italian law.

2. Applicants with a valid certificate have the right to get extra time to complete the test (up to 30% extra time for applicants with SpLD, up to 50% extra time for applicants with disabilities) and are allowed to use a non-programmable calculator.

3. Applicants who need other kinds of arrangements (such as the help of a tutor to use the PC for applicants with visual impairment or with upper limb motor impairment, or the help of a sign language interpreter) must inform the Special Needs Unit by ticket with adequate prior notice

and in any case no later than 15 days before the test. Considering that organizing such special arrangements requires time, late requests may not be considered.

4. To make the TIL-P tests more accessible, applicants can make use of the "ReadSpeaker" to listen to the audio descriptions of the texts. Applicants are required to use their own devices (headphones with USB port). Applicants should also bring their own calculator.

5. Applicants referred to in this article must **upload their certificate of disability/ SpLD to the Apply@polito platform** ("PERSONAL INFORMATION" section) **no later than 15 days before the date of the TIL-P test.**

6. The Special Needs Unit of Politecnico di Torino will check the certificates which must comply with the requirements listed in par. 1. The outcome of this verification, in terms of whether the submitted documentation is valid or not, will be communicated exclusively through the Ticketing Support System of the Apply@polito platform.

    Applicants are therefore strongly recommended to regularly check the tickets received on the Apply@polito platform after registering for the TIL-P test.

Art. 7

Art. 14
(Ranking list)

1. The merit-based ranking list, along with all the subsequent updates and the new offers of admissions based on the actual number of *reserved student places* and completed enrolments—is drawn up according to the following **priority order**:

I. **Applicants who reached the guaranteed admission threshold in the TIL-P test**
Places are primarily allocated to the applicants who got a score equal to or higher than the guaranteed admission threshold in the TIL-P test, as defined in art. 3.1b).

II. **Applicants who presented a valid SAT score**
If, after the allocations described above, additional places remain available, new offers of admission will be made to the applicants who submitted a valid SAT score.
The ranking list is drawn up based on the applicants' SAT scores (taking into account the sum of the two scores obtained in the two SAT sections – "*Math*" and "*Evidence-Based Reading and Writing*").
   - In the event of equal total scores, the position on the ranking list is determined by the score obtained by the applicants in each individual section, in the following order:
     - Math
     - Evidence-Based Reading and Writing
   - In the event of further equal rankings, the younger applicant will be given priority.

III. **Applicants who reached the minimum admission threshold in the TIL-P but did not reach the guaranteed admission threshold**
If, after the allocations described above, additional places remain available, new offers of admission will be made to the applicants who took the TIL-P test based on their TIL score.
   - In the event of equal TIL-P scores, the position on the ranking list is determined by the score obtained by the applicants in each individual section, in the following order:
     - Teritory and Society
     - Logical Reasoning and Mathematics
     - Reading Comprehension
     - General Knowledge
   - In the event of further equal rankings, the younger applicant will be given priority.

2. The ranking list classifies prospective students into the following categories:

Status	Description	What the applicant can/must do
ENROLLED	The student *reserved his/her student place* or completed the online enrolment process (before the deadlines of art. 13).	—

ASSIGNED	The applicant received an offer of admission (ASSIGNED) for the Bachelor's degree programme in Territorial, Urban, Environmental and Landscape Planning .	**The applicant MUST** *reserve his/her student place* **or enrol before the deadline.** **Failure to** *reserve one's student place*/enrol **by the deadlines of art. 13 entails permanent renunciation of the place.**
WAITING LIST	The applicant cannot receive an offer of admission at the moment, but he/she could receive an offer of admission with the next updates of the ranking list.	The applicant CAN: → wait for the next updates of the ranking list; *or else,* → renounce his/her right to be on the waiting list through the Apply@polito platform. By doing so, the applicant permanently gives up his/her position on the ranking list. His/her place will be offered to another applicant.
WAITING LIST RENUNCIATION	The applicant has explicitly renounced his/her right to be on the waiting list through the Apply@polito platform (art. 15, par. 1).	—
ENROLMENT RENUNCIATION	a) the applicant (with ASSIGNED status) received an offer of admission after the latest update of the ranking list, but failed to *reserve his/her student place* / enrol by the deadlines; b) the applicant enrolled in the programme but withdrew before the deadlines or before the closing date of the ranking list (art.13, par. 4 – art. 15, par. 2)	—

Art. 15
(How the ranking list is updated)

1. The offers of admissions made to the applicants included in the ranking list are based on the updates of the ranking list which depend on the number of students who *reserve their place* and enrol online before the deadlines of art. 13, par.4.
   The applicants included in the ranking list who are no longer interested in enrolling in the programme and **intend to renounce their right to be on the waiting list**, are kindly invited to communicate this decision to Politecnico through the Apply@polito platform; **when an applicant renounces his/her right to be on the waiting list, he/she irrevocably gives up his/her position on the ranking list**; therefore his/her student place is assigned to another applicant on the ranking list.

2. The ranking list will be closed on **Tuesday 6th October 2026.**
   Enrolment will no longer be possible after the closing date of the ranking lists.

Art. 16
(Enrolment requirements and process)

1. The enrolment requirements are listed in Annex A and in Annex B.
2. **All applicants must meet the language requirements (listed in Annex A) by the following deadlines:**
   a. **Applicants with a non-Italian educational qualification**: by **Monday 20th July 2026**

3. Applicants who *reserved their student place* by the deadlines (Italian or non-Italian high school diploma) and who meet the language requirements (par. 2.a of the present article – applicants with a non-Italian educational qualification) must enrol online by **Wednesday 30th September 2026 at 2.00 p.m**. In the event of further updates of the ranking list and consequent new offers of admission, a new enrolment deadline will be announced and published on the applicant's personal page of the Apply@polito platform.
4. **Applicants who do not meet the deadlines of this article or the admission requirements listed in Annex A and/or Annex B** lose their right to enrol at Politecnico and will **not be entitled to ask for any refund of the first instalment of the tuition fees**, no matter the justification brought forward.
5. **The general instructions for enrolment** will be illustrated in the "*Enrolment regulations – A.Y. 2026/27*" which are going to be published by **Tuesday 14th April 2026** (enrolment opening date).

Art. 17
(Applicants who take more than one admission test)

1. Applicants who have taken more than one admission test for different Bachelor's degree programmes offered by Politecnico may be eligible for enrolment in the Bachelor's degree programme in Territorial, Urban, Environmental and Landscape Planning and at the same time

they may be on a waiting list for other programmes (Engineering, Architecture, Design and Communication, and Industrial Manufacturing Technologies). In this case, they must *reserve their student place* or enrol in the programme in Territorial, Urban, Environmental and Landscape Planning before the deadline - in order to avoid losing their place. Subsequently, if they find out that they have been admitted to another programme (Engineering, Architecture, Design and Communication, and Industrial Manufacturing Technologies) and they prefer to enrol in that programme, they will have to choose one of the following options using the online system:

- withdraw from the Bachelor's degree programme in which they enrolled ("withdrawal from studies"), following these steps:
  a. fill out the request online available on their personal page of the Teaching Portal.
  b. pay 16.00 Euro for the virtual revenue stamp required for the withdrawal (this amount must be paid from the personal page of the Teaching Portal).
  c. enrol in the new Bachelor's degree programme after they receive the withdrawal confirmation (an e-mail confirming their withdrawal will be sent to their Polito mailbox). To enrol in the new programme, students must go to their personal page of the Teaching Portal and log in to the Apply@polito platform using the Student Number they received when they enrolled in the first programme.
- enrol in the new degree programme and declare on the Apply@polito platform that they also want to enrol in another programme (double enrolment) at Politecnico (see art.18).
  In both cases the process must be completed before the enrolment deadlines following the instructions provided in the "Enrolment regulations – A.Y. 2026/27".

2. Applicants who took the TIL-P test and are waiting for the results of the admission tests to other universities must enrol at Politecnico before the deadline - in order to avoid losing their place. Subsequently, if these applicants find out that they have been admitted to another university, they will be able to request a withdrawal/transfer, or declare that they want to enrol in both university programmes.
