**Public competitive examinations for admission to PhD in  
Civil and Environmental Engineering  
41<sup>th</sup> Cycle – Second session  
Outcomes of the titles evaluation**

**UPDATE**

Following the correction to the minutes "EVALUATION OF TITLES BY THE SELECTION COMMITTEE RESPONSIBLE FOR THE COMPARATIVE EVALUATION OF CANDIDATES SECOND SESSION, SESSION OF 12/01/2026" made by the Selection Committee itself on 14/01/2026, the result of the qualification assessment is updated for the part highlighted in red as shown below

| F-USER APPLICANT | TOTAL SCORE OF TITLES, MOTIVATIONAL AND INTEREST STATEMENT, RECOMMENDATION LETTERS | ADMISSION TO THE INTERVIEW |
|------------------|------------------------------------------------------------------------------------|----------------------------|
| F626939          | 40,3/60                                                                            | YES                        |
| F652362          | 29/60                                                                              | NO                         |
| F650400          | 26/60                                                                              | NO                         |
| F523507          | 42,7/60                                                                            | YES                        |
| F647371          | 43/60                                                                              | YES                        |
| F651969          | 44/60                                                                              | YES                        |
| F590714          | 48,9/60                                                                            | YES                        |
| F651334          | 40/60                                                                              | YES                        |
| F644112          | 42,5/60                                                                            | YES                        |
| F649494          | 39,2/60                                                                            | NO                         |
| F406092          | 33/60                                                                              | NO                         |
| F625889          | 40,4/60                                                                            | YES                        |
