di Torino**

Nucleo  
Dottorato di Ricerca

## Ranking List for the PhD program in Computer and Control Engineering 41<sup>th</sup> Cycle – Second session

Total number of ordinary positions available in second session: 28

Total number of positions reserved to boursaries of Governments or by national or foreign public bodies, available in second session: 0

Summary tab of scholarships available in second session:

1	DAUIN (1)	Scholarship with own research topic
1	DAUIN (2)	Scholarship with own research topic
1	DAUIN (3)	Scholarship with own research topic
1	DAUIN (4)	Scholarship with own research topic
1	DAUIN/DIST	Scholarship with own research topic
1	ACN - Security and Resilience of IoT and Cyber-Physical Systems through Open-Source RISC-V Architectures	Scholarship with predefined research topic
1	CNR/IEIIT - Advanced Intelligent Robotic Collaborative Assistance for Rehabilitation	Scholarship with predefined research topic
1	CNR/IEIIT - Secure and Green Digital Networks	Scholarship with predefined research topic
1	DAUIN - A Data Redistributive and Cooperative Model for Fostering Circular Social Impact of Trustworthy AI	Scholarship with predefined research topic
1	DAUIN - AI4CTI - Artificial Intelligence for Cyber Threat Intelligence	Scholarship with predefined research topic
1	DAUIN - Agentic AI for Cybersecurity: Autonomous Red-Blue Agents in Interactive Cyber Environments	Scholarship with predefined research topic
1	DAUIN - Algorithms and methods for bridging the gap between NISQ and fault tolerant quantum computing	Scholarship with predefined research topic
1	DAUIN - Cybersecurity and Reliability of Automotive Embedded Systems leveraging ML algorithms in the V2X Era	Scholarship with predefined research topic
1	DAUIN - Evaluating work-induced stress and cognitive decline using wearables and AI algorithms	Scholarship with predefined research topic

Nucleo  
Dottorato di Ricerca

1	DAUIN - Goal-Oriented Adaptive Learning for 6G	Scholarship with predefined research topic
1	DAUIN - Preference models for multimodal annotations	Scholarship with predefined research topic
1	DAUIN - Single-cell Multi-omics for Understanding Cellular Heterogeneity	Scholarship with predefined research topic
1	DAUIN - Sports Engineering for Endurance disciplines: From Models to a Virtual Personal Coach	Scholarship with predefined research topic
1	DAUIN - User-driven Personalisation of Agentic Interfaces	Scholarship with predefined research topic
1	DAUIN - VideoLLMs for Multimodal Content Understanding, Retrieval, and Generation	Scholarship with predefined research topic
1	Istituto AI4I - Adversarial Robustness in Multi-Modal Foundation Models	Scholarship with predefined research topic
1	Istituto AI4I - Formal Verification of Alignment in Autonomous AI-Agents	Scholarship with predefined research topic
1	Istituto AI4I - Safe by Design Deep Learning: From Uncertainty Quantification to Large Language Models	Scholarship with predefined research topic
1	Leonardo S.p.A. - Data sharing and synchronization via TSN network in a distributed Avionic Test System	Scholarship with predefined research topic
1	RMA - Integration and optimization of retrieval-augmented generation (RAG) in large language models (LLMs) for the insurance industry	Scholarship with predefined research topic

**Number of positions for Ph.D in apprenticeship for the second session:**

1	Secure Artificial Intelligence	Position with predefined research topic
---	--------------------------------	---

**Number of positions without scholarship available for the second session: 2**

Candidates selected for a position must enroll online through the Apply procedure **from 2<sup>nd</sup> February 2026 to 6<sup>th</sup> February 2026** and must complete the second phase of enrolment **from 9<sup>th</sup> February 2026 to 13<sup>th</sup> February 2026**.

**N.B. Non-EU candidates who have been selected for a position and require letter for their study visa application are invited to contact the PhD Office as soon as possible ([exclusively through the ticketing service](#)) to request the letter.**

## ELIGIBLE CANDIDATES

No candidate

### Description of Notes field:

\* Conditional admission: because the Master Degree is not yet acquired. The eventual enrollment to a PhD program could take place only if the Master Degree is achieved within **31<sup>th</sup> January 2026**. The failure of achievement by the deadline would result in the irrevocable loss of the right to enroll.

\*\* Conditional admission: because the English certificates required to enrol in a PhD programme is not yet acquired.

In case of admission in a PhD programme, the candidate may only enrol if he/she obtains (**by and no later than 31<sup>th</sup> January 2026**) one among the certificates required, pursuant to art. 6, paragraph 1, letter b) of the call for admission. The failure to submit the certificate shall entail the loss of the right to enrolment.
