Ranking List for the PhD program in Chemical Engineering 41th Cycle – Second session

Total number of ordinary positions available in second session: 6

Total number of positions reserved to boursaries of Governments or by national or foreign public bodies, available in second session: 0

Summary tab of scholarships available in second session:

1	Amministrazione centrale	Scholarship with own research topic
1	CRT/DISAT - Development and optimization of a scalable co-electrolyzer for green fuels & chemicals production from water and CO ₂ -based flue gas	Scholarship with predefined research topic
1	CRT/DISAT - Development of a catalytic system for the abatement of pollutants from H ₂ -ICEs	Scholarship with predefined research topic
1	DISAT - Extraction and processing of lipids from unconventional, sustainable sources	Scholarship with predefined research topic
1	DISAT - Materials Development and Sustainability Assessment for Next-Generation Lithium–Sulfur Batteries	Scholarship with predefined research topic
1	DISAT – Advanced Durability Testing and Performance Optimization of Anion Exchange Membrane Electrolysis (AEMEL) Systems	Scholarship with predefined research topic

Number of positions without scholarship available for the second session: 0
