

Ranking List for the PhD program in Mathematical Sciences 41th Cycle – Second session

Total number of ordinary positions available in second session: 4

Total number of positions reserved to bourses of Governments or by national or foreign public bodies, available in second session: 0

Summary tab of scholarships available in second session:

| | | |
|---|---|--|
| 1 | DISMA - Optimal fleet management of autonomous mobile robots for intralogistics applications | Scholarship with predefined research topic |
| 1 | Eltek S.p.A. - Innovative mathematical models and analysis in the design and production of sensors and mechatronic components | Scholarship with predefined research topic |

Number of positions without scholarship available for the second session: 2

SHORTLISTED CANDIDATES

| User | Score | Eligibility to scholarship with predefined research topic | Waiving right to scholarship | Allocated scholarship | Notes |
|---------|-------|---|------------------------------|---|-------|
| F626500 | 75.5 | Eltek S.p.A. - Innovative mathematical models and analysis in the design and production of sensors and mechatronic components | --- | Eltek S.p.A. - Innovative mathematical models and analysis in the design and production of sensors and mechatronic components | --- |
| F353540 | 72.5 | Eltek S.p.A. - Innovative mathematical models and analysis in the design and production of sensors and mechatronic components | --- | --- | --- |
